History of Sizzlers and The Sizzle

Sizzlers are a recent 'inno-vention' that consists of an entire meal being served on a cast iron platter, which is in turn placed on a wooden base and served sizzling to your table.

Sizzlers probably originated a few centuries ago when meat was served on a heated cast iron plate to keep it piping hot, while the diner ate their meal. Today, however, they have become a cuisine of sorts by themselves as many specialty restaurants serve only Sizzlers on their menu. A sizzler is a combination of a main dish served with a choice of sauces and a large variety of accompaniments, making it a complete meal by itself!

"The Sizzle" presents a new line of cuisine to the local palette with great authentic Halal recipes presented in a creative manner, resulting in innovative recipes, delectable combinations, bathed in herbs, eastern flavors – a sense of fusion in taste with a tantalizing aroma. Platters of mouthwatering meats, seafood and veggie delights served sizzling to your table.

The Menu gives a macho theme with World Boxing Champions having their favorites, namely Holyfield's Buster, Mark's Super Kick, Mohammed Ali's Choice, Bruno's Chop.

Newcomers, prepare yourselves for a startling experience with Sizzling Mocktails literally bubbling and smoking.

Furthermore, The Sizzle adapts to the loved Sri Lankan taste and carb based meals by introducing the Mongolian, Chinese and Italian style Sizzlers, an ideal lunch meal

Including a wide array of Sizzling desserts, the hot favorite with all age groups has been the sizzling brownies topped with ice cream!! Yum Yum Yummy... a scrumptious melt. The Blueberry, Caramel and Strawberry variants of Sizzling Philadelphia Cream Cheese cakes have created buzz for the people all around Sri Lanka.

Catering to the young geniuses, a special kids section took Colombo by storm, just the right size for kids with milder flavors, activities like pencil colorings for kids and colourful "John Cena's" kids privilege card as they yearn to visit more often

The Sizzle - Where everything sizzles, even your appetite!

<p>HOW TO ENJOY YOUR SIZZLER</p>	<p>As your platter comes sizzling and smoking, just sit back and take in the aroma until the sizzling settles, allowing time for the sauces to penetrate the food, further enriching its flavour.</p> <p>Trying to taste portions of extremely hot food will only burn your taste buds. By doing this, you will not be able to savour the taste of the sizzling dish</p> <p>Its best that you wait patiently until the sizzling settles, to enjoy the delectable taste of the sizzler</p> <p>Once the sizzling settles, scoop the portions from the top layer and gradually delve into the bottom layers of your meal</p> <p>Bon appétit</p>
